PROFILE

I am a resilient 15 Year Old with a Passion for coding, and so, I decided to put my passion to good use, and I began studying how to become a Front-End Developer. I am still a student and go to school like any other person my age, but I program in my free Time. I have good cooperation, organisation and communication skills and am happy to work in a team environment with strict deadlines. In my free time, I am also passionate about aviation and like to learn more about different aircrafts (My favourite Boeing is the 787-9) and I also possess a few 1:400 aircraft models.

SKILLS

I utilize a wide variety of tools and softwares to provide and construct elegant and effective solutions.
